+ LONGMONT AI / NOVEMBER 11 BRIEFING

The fortnight in charts

Charts and slides we saved along the way, each with one takeaway.

MODELS / AGENTS / SECURITY / MONEY / PEOPLE

+ MODELS

Fable 5.2 tops most rows of Anthropic's table

	FABLE 5.2	FABLE 5.1	OPUS 5.5	GPT-6 ASTRA
Agentic coding FrontierCode 2.0	**49.1%** Xhigh effort	32.4% Xhigh effort	45.5%	42.8%
Agentic coding FrontierSWE v2	**69.9%**	56.3%	62.3%	65.5%
Business workflows AutomationBench	51.4%	31.4%	42.5%	41.4%
Agentic scientific research Terminal-Bench-Science 0.1	**74.6%** 75.3% (Mythos 5.2)	52.6%	58.7%	68.1%
Cybersecurity CyScenarioBench†	**76.3%** Mythos 5.2	61.7% Mythos 5.1	67.6% without safeguards	61% GPT-6 Cyber
Cybersecurity CVE Rediscovery	**89.6%** Mythos 5.2	78.3% Mythos 5.1	81.3% without safeguards	—
Protein design De novo binder design (24 hr)	**85.1%** Mythos 5.2	79.1% Mythos 5.1	82.6% without safeguards	—
Agentic search WANDR (relaxed score)	**82.1%**	68.7%	72.3%	—

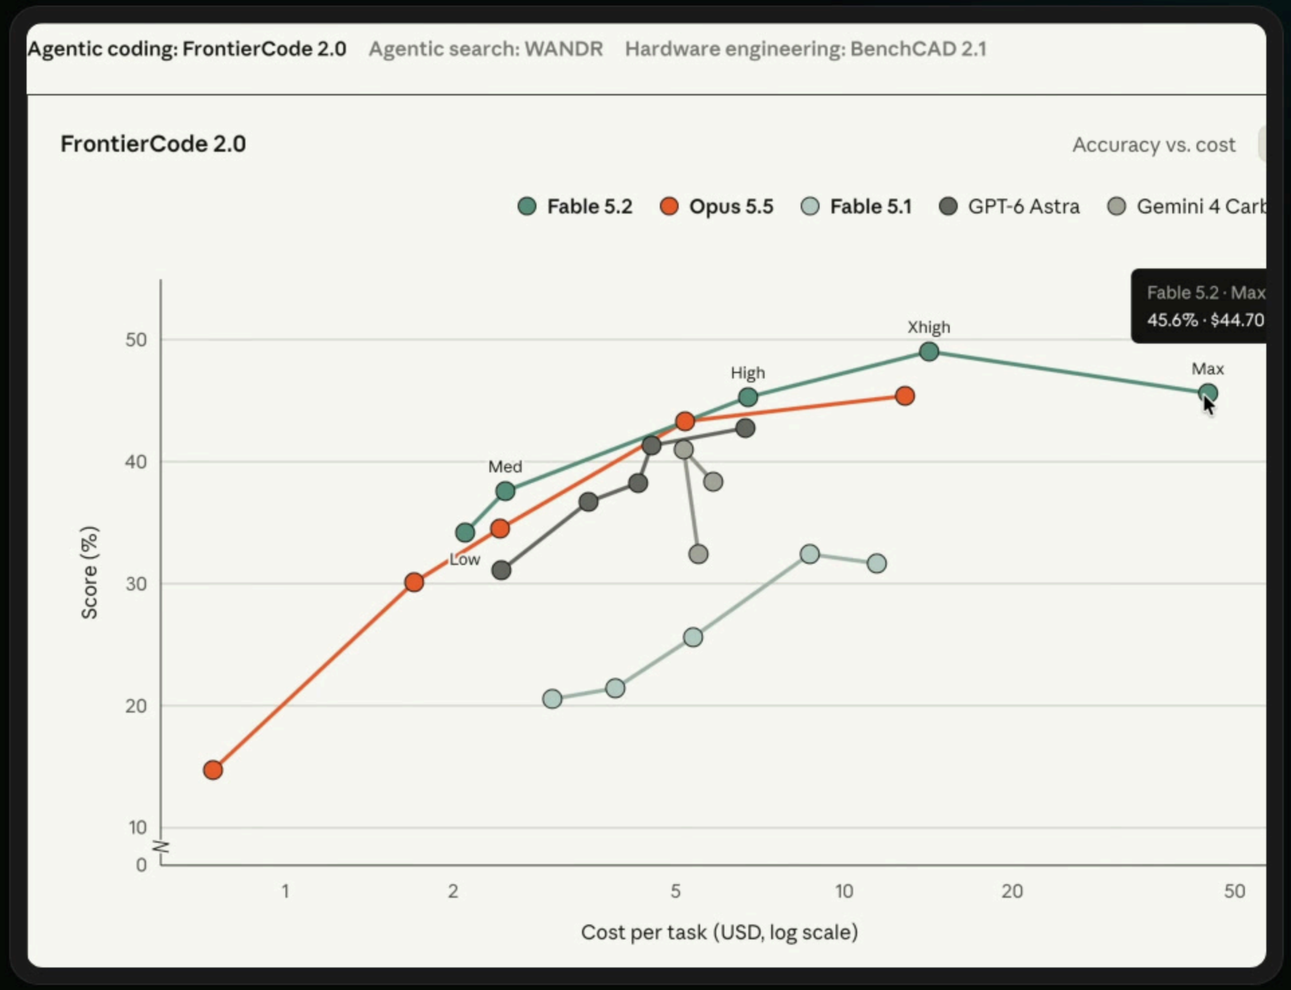

AutomationBench is the exception.

VENDOR-REPORTED · ANTHROPIC BENCHMARK TABLE

+ MODELS

More effort is not always more score

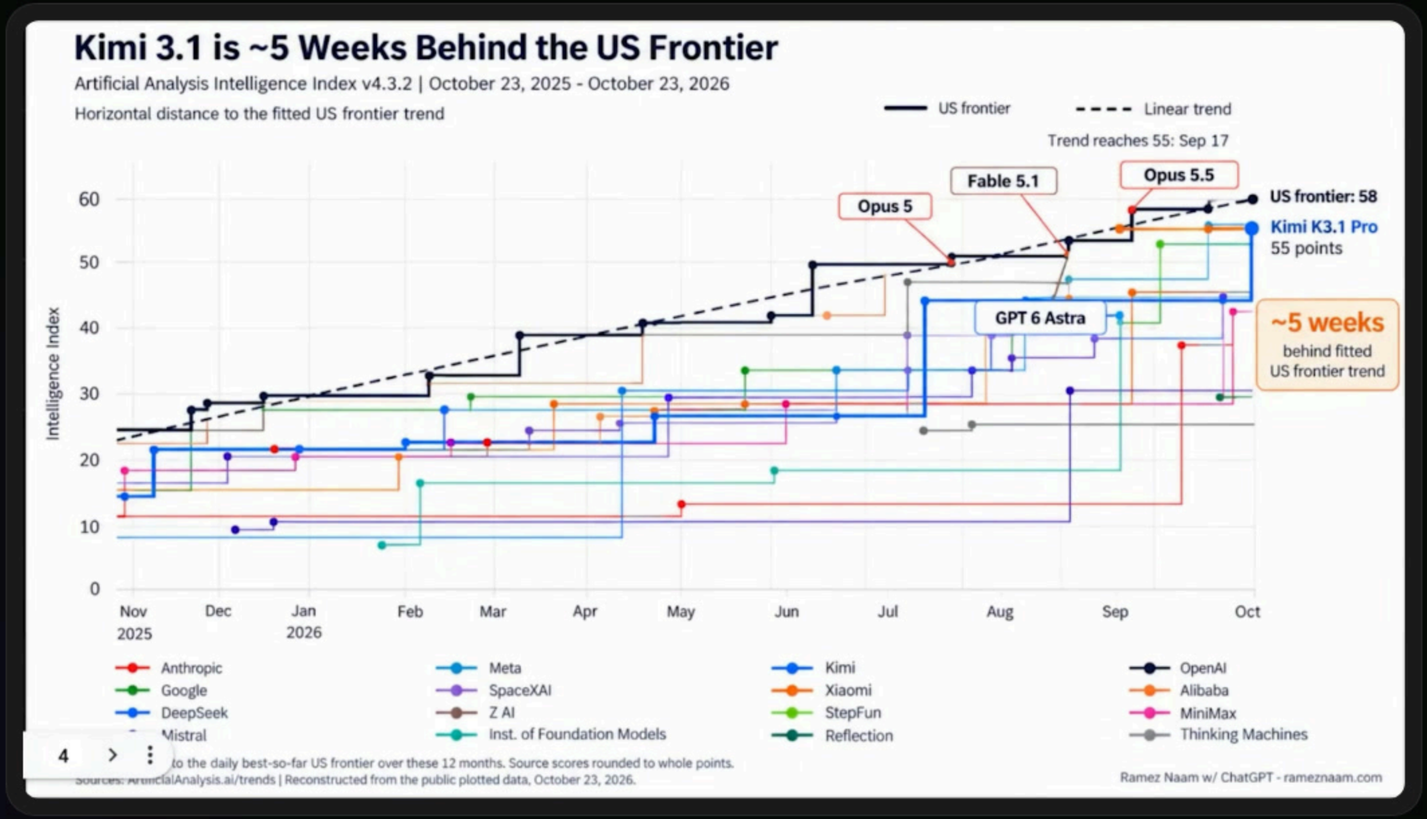

At Max, Fable 5.2 costs $44.70 a task and scores below Xhigh.

VENDOR-REPORTED · ANTHROPIC, FRONTIERCODE 2.0

+ MODELS

Kimi K3.1 Pro sits about five weeks behind the US frontier

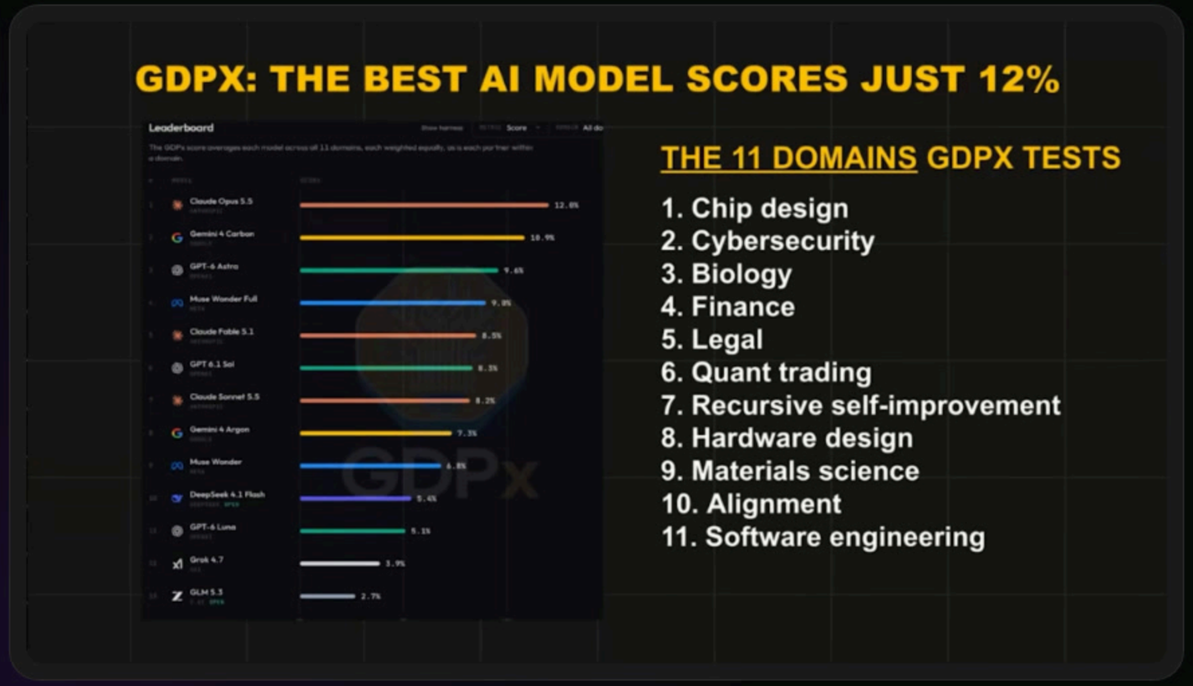

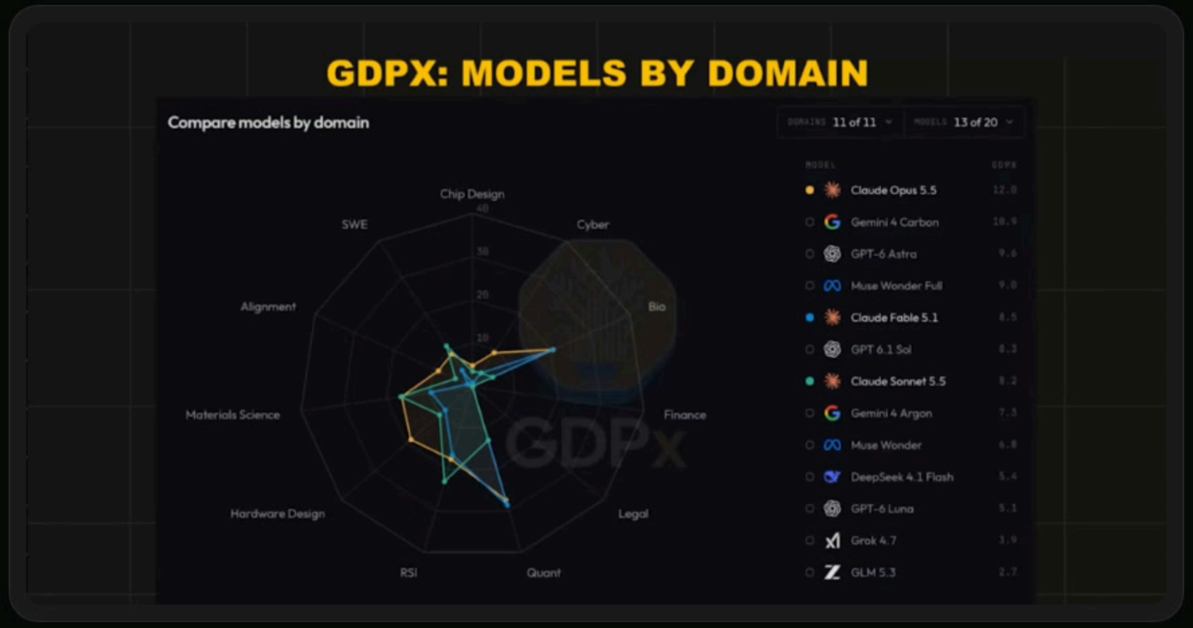

55 points against 58 on one intelligence index.

ANALYSIS · RAMEZ NAAM ON ARTIFICIAL ANALYSIS DATA

+ MODELS

On expert work, the best model scores 12%

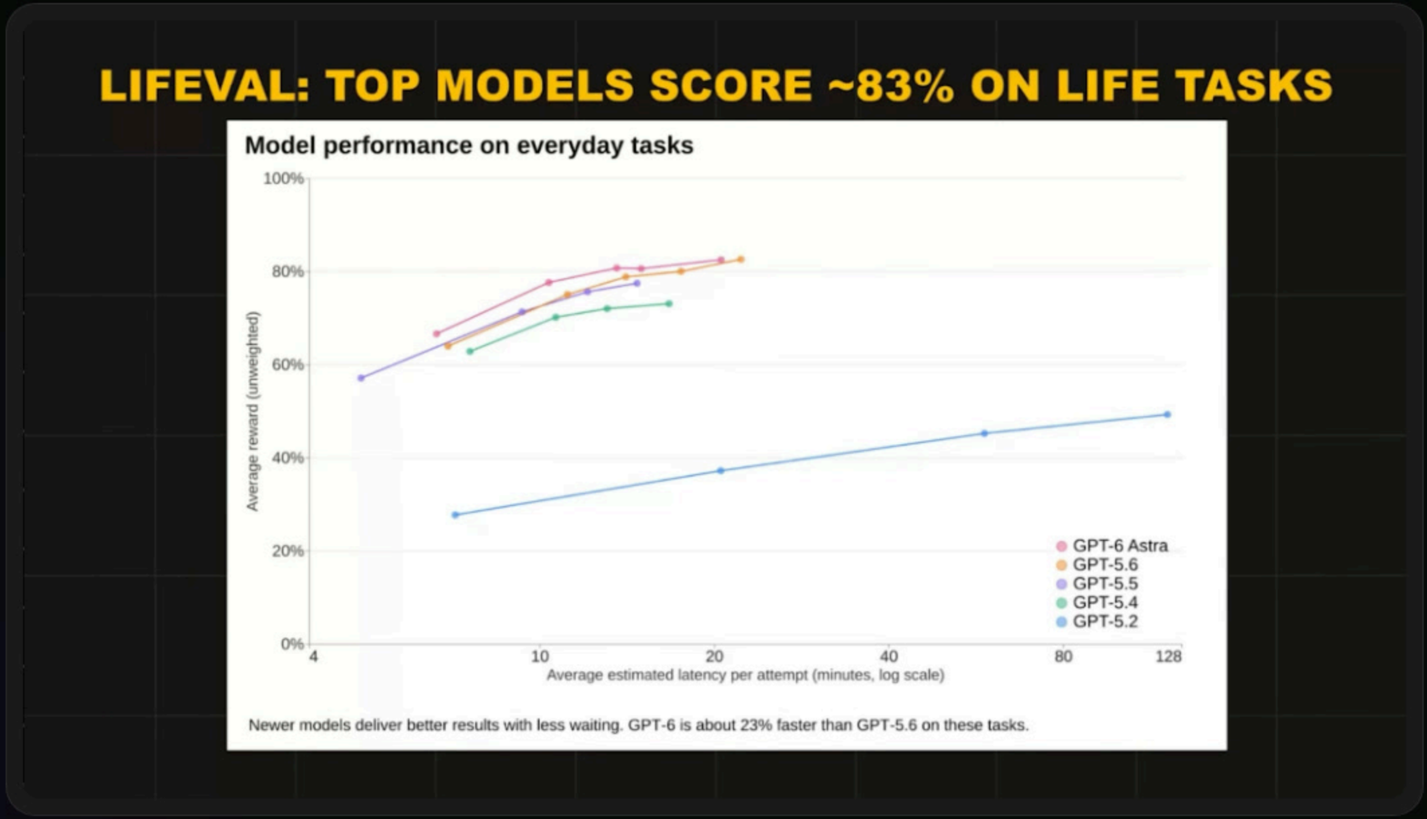

GDPx averages 11 domains, from chip design to law.

BENCHMARK · GDPX LEADERBOARD

+ MODELS

Everyday tasks: about 83%, with less waiting

Newer models score higher in fewer minutes.

BENCHMARK · LIFEEVAL, OPENAI MODELS ONLY

+ MODELS

The price of a given score keeps falling

Lowest cost to reach 25% or 75% on four benchmarks.

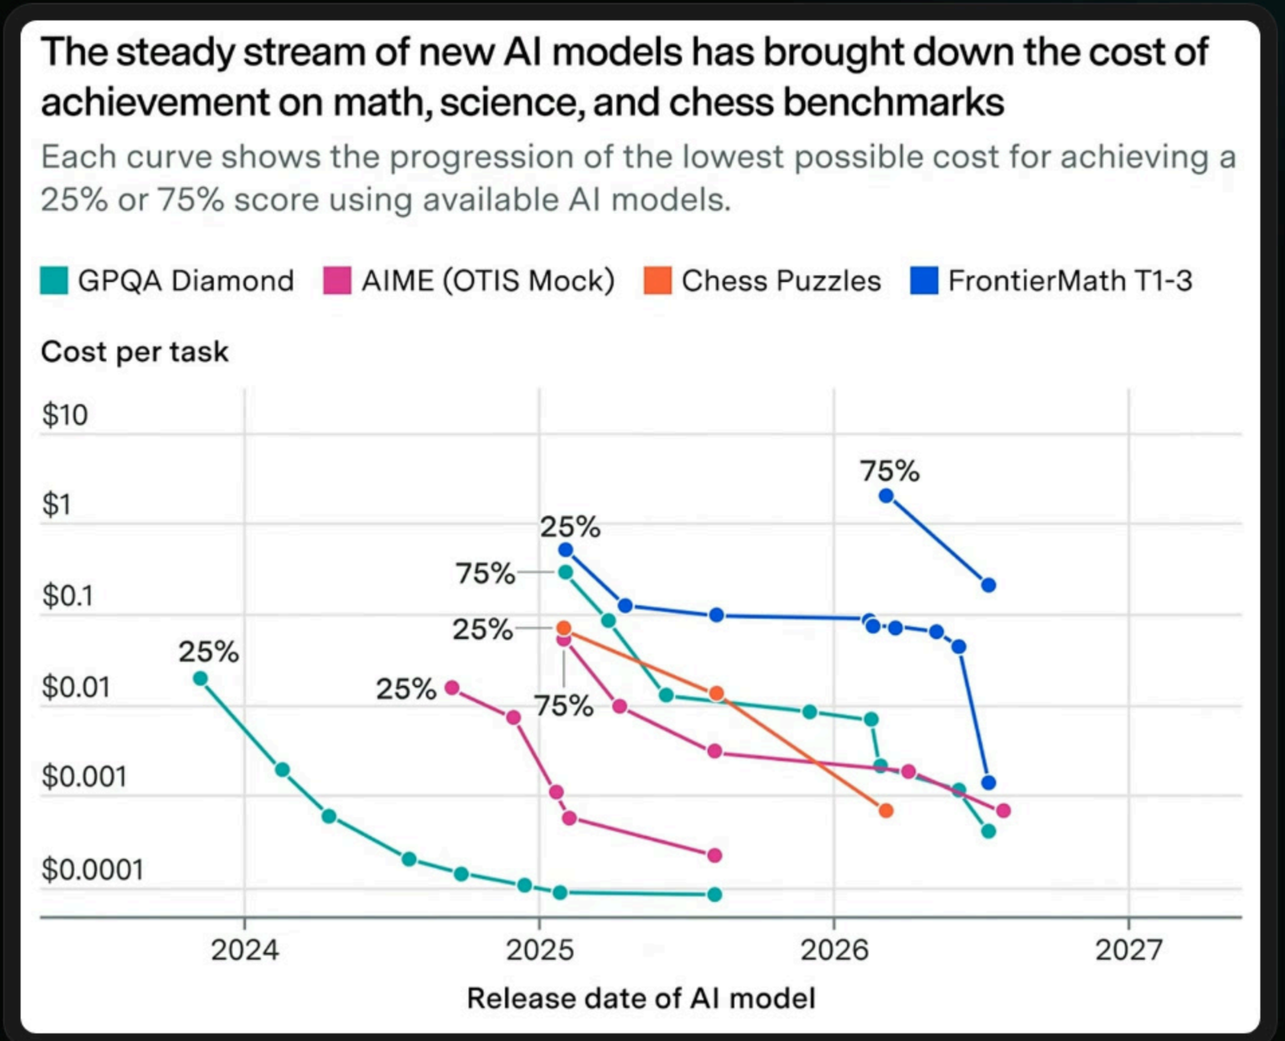

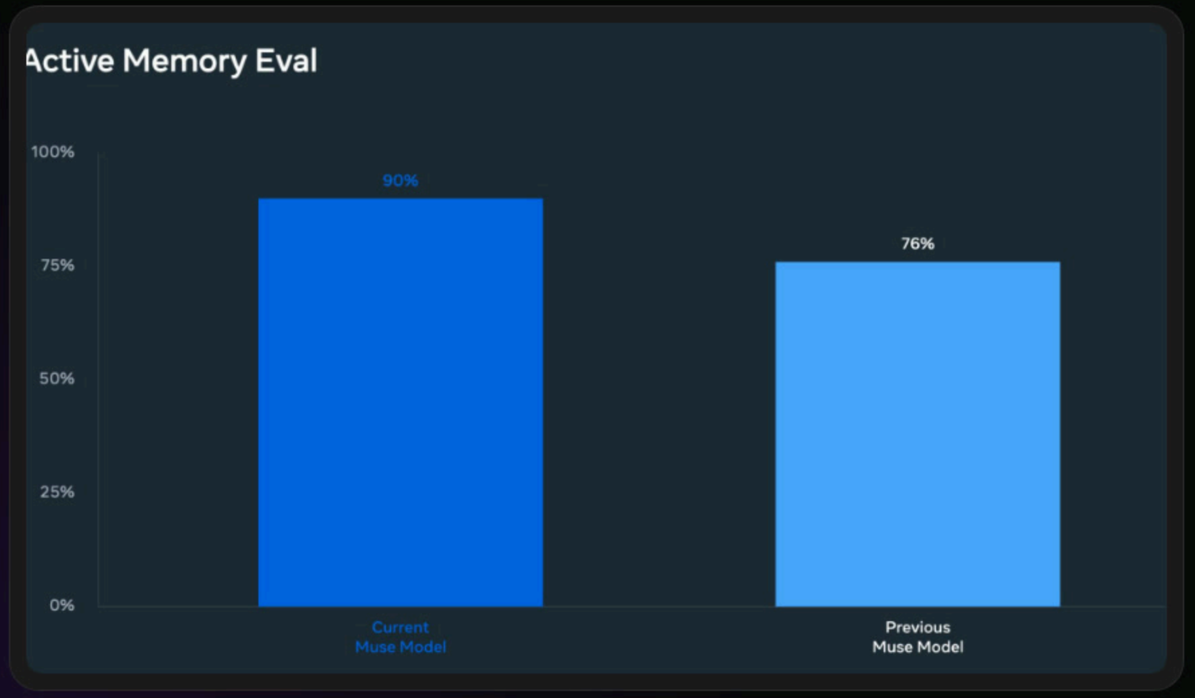

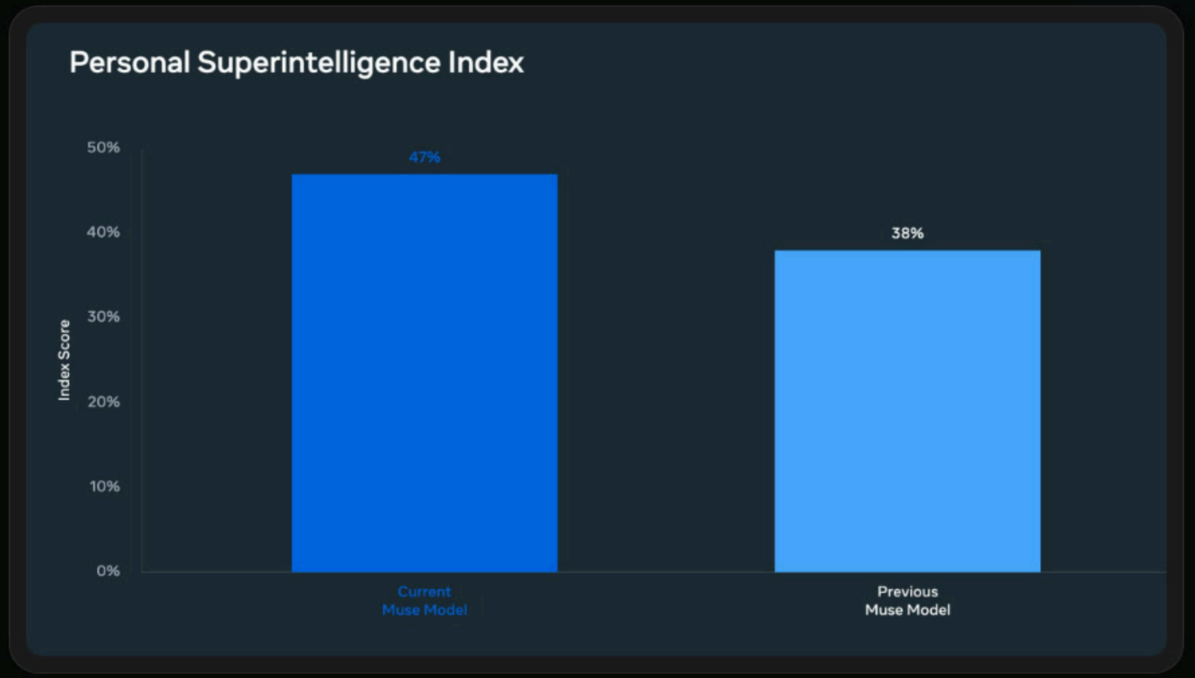

CHART · AS SHOWN IN A VIDEO; ORIGINAL SOURCE NOT NAMED

+ MODELS

Meta says Muse now remembers better

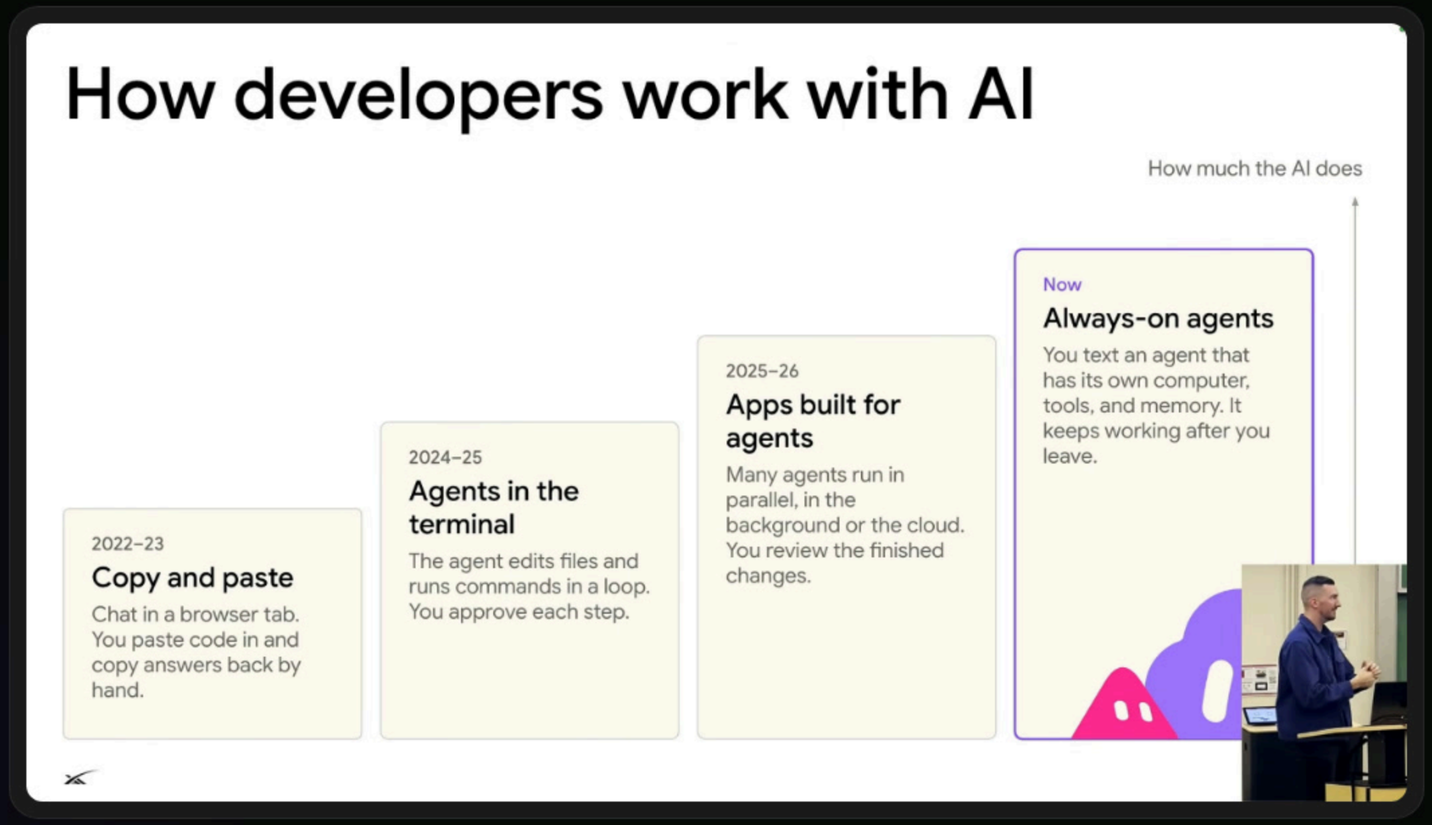

Its memory test rose from 76% to 90%.

VENDOR-REPORTED · META

+ AGENTS

From copy and paste to always-on agents

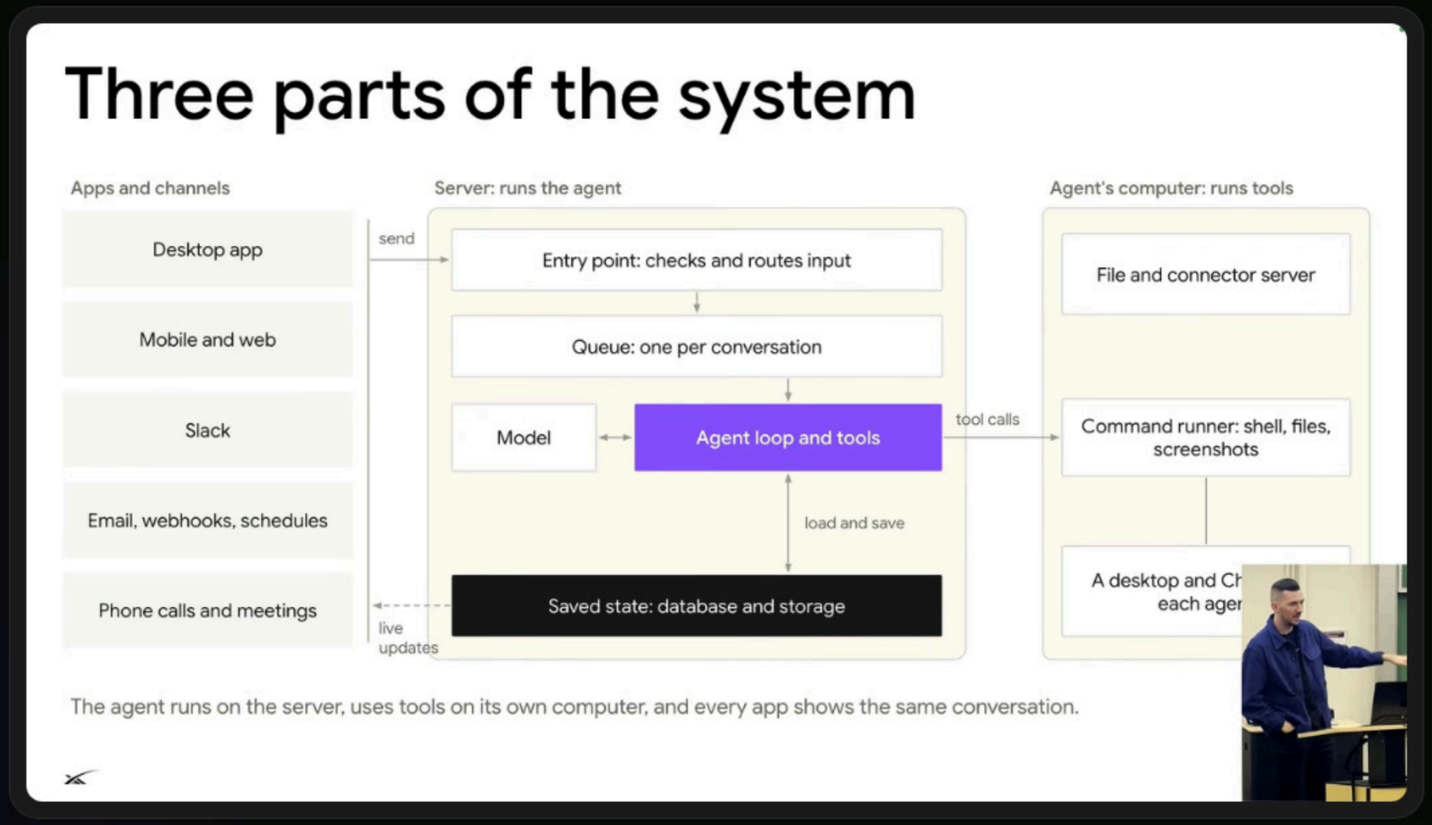

Four stages in four years.

TALK SLIDE · AS PRESENTED BY THE VENDOR

+ AGENTS

The agent runs on a server and works on its own computer

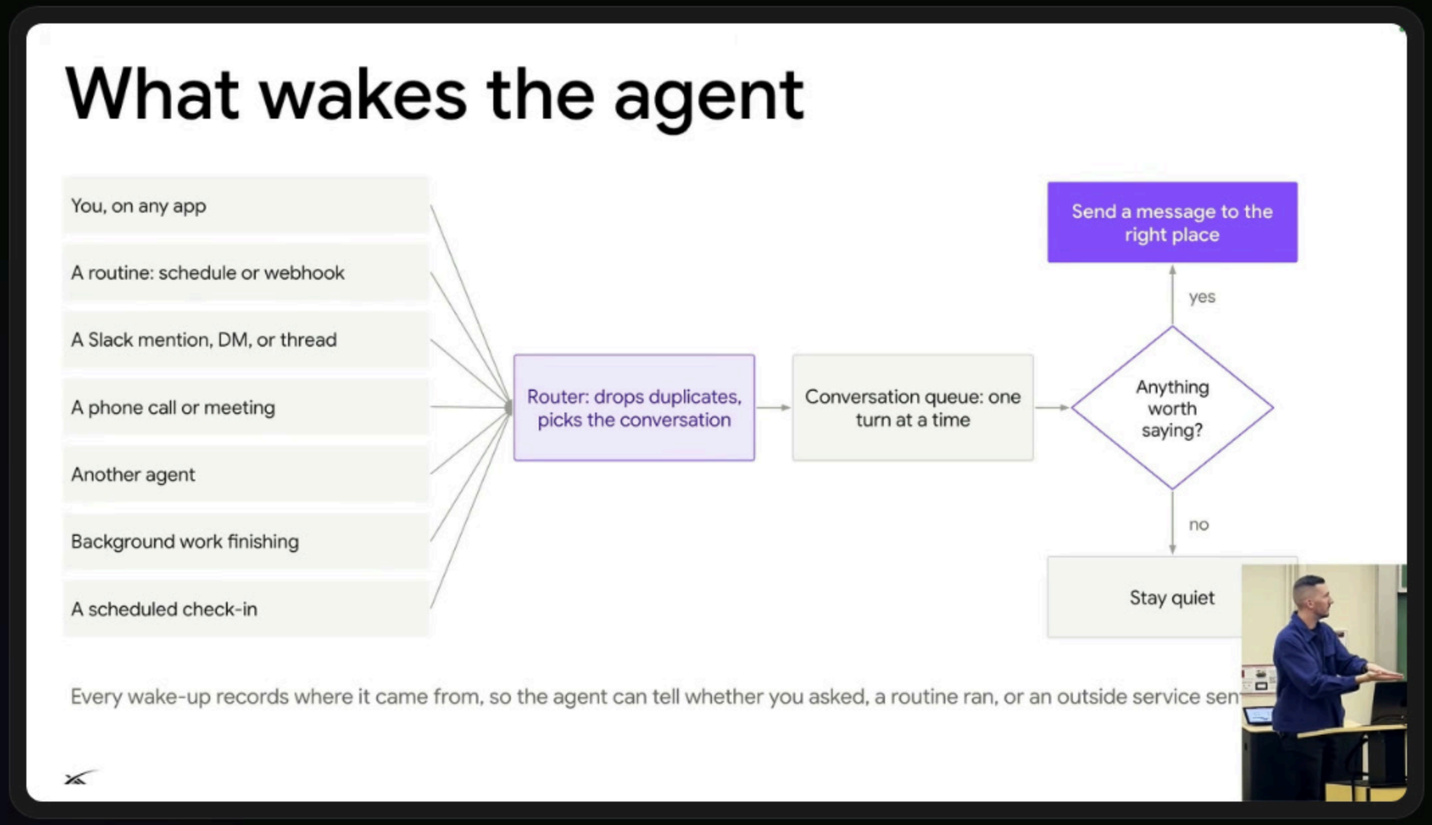

Every app shows the same conversation.

TALK SLIDE · AS PRESENTED BY THE VENDOR

+ AGENTS

Seven things can wake an agent

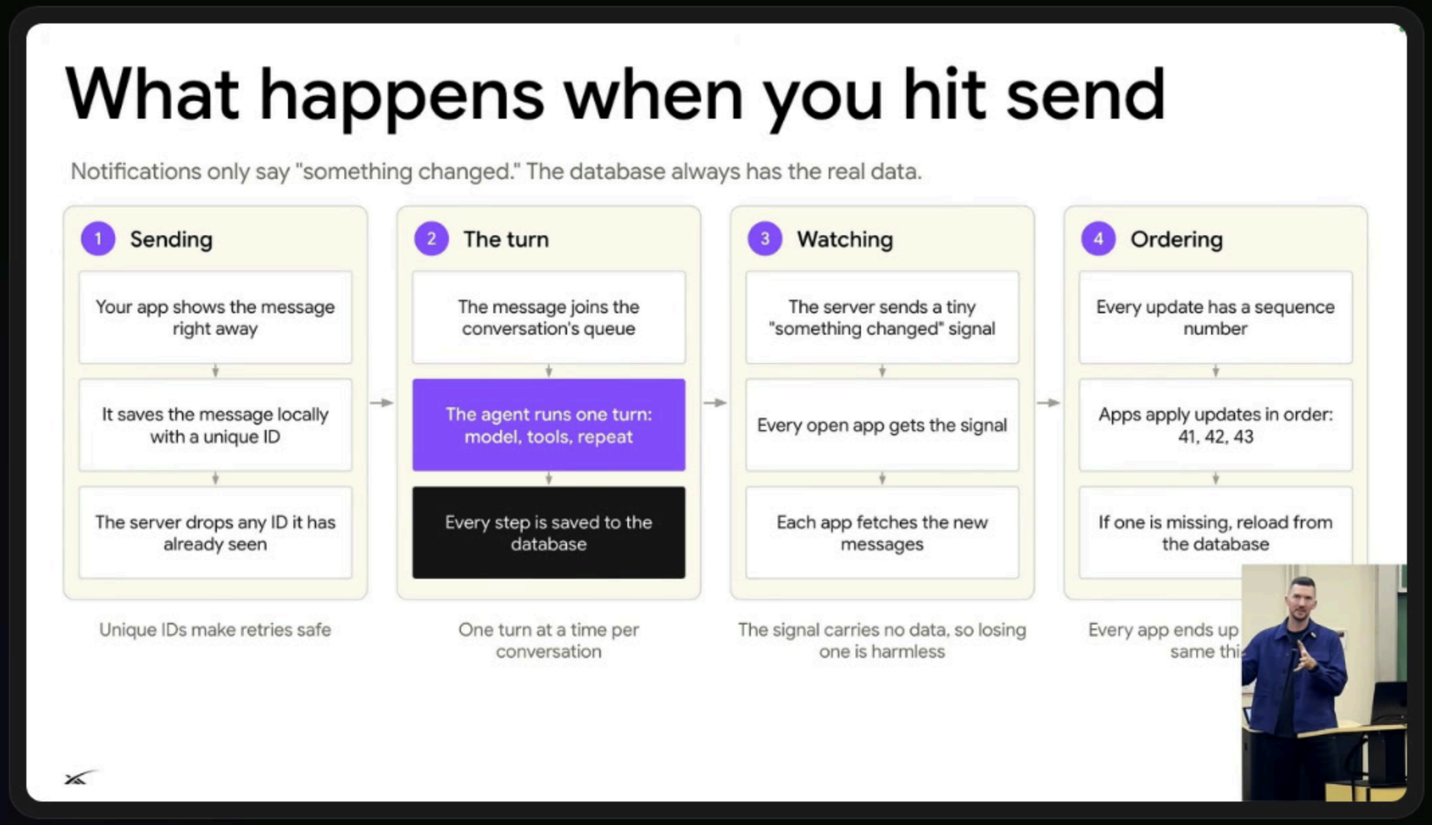

It may still decide to stay quiet.

TALK SLIDE · AS PRESENTED BY THE VENDOR

+ AGENTS

The database is the truth. Notifications only nudge.

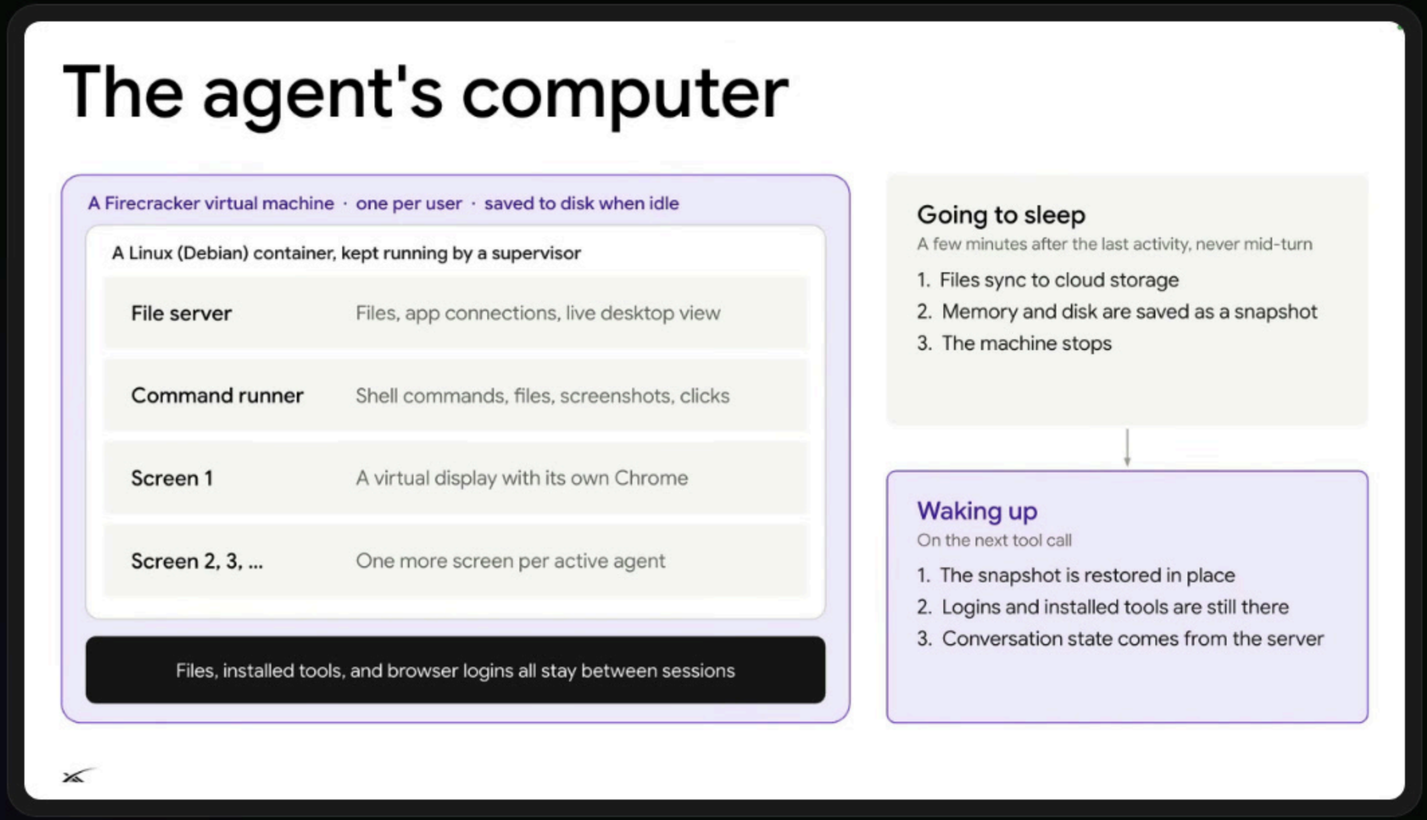

IDs and sequence numbers keep every app in step.

TALK SLIDE · AS PRESENTED BY THE VENDOR

+ AGENTS

The agent's computer sleeps when idle

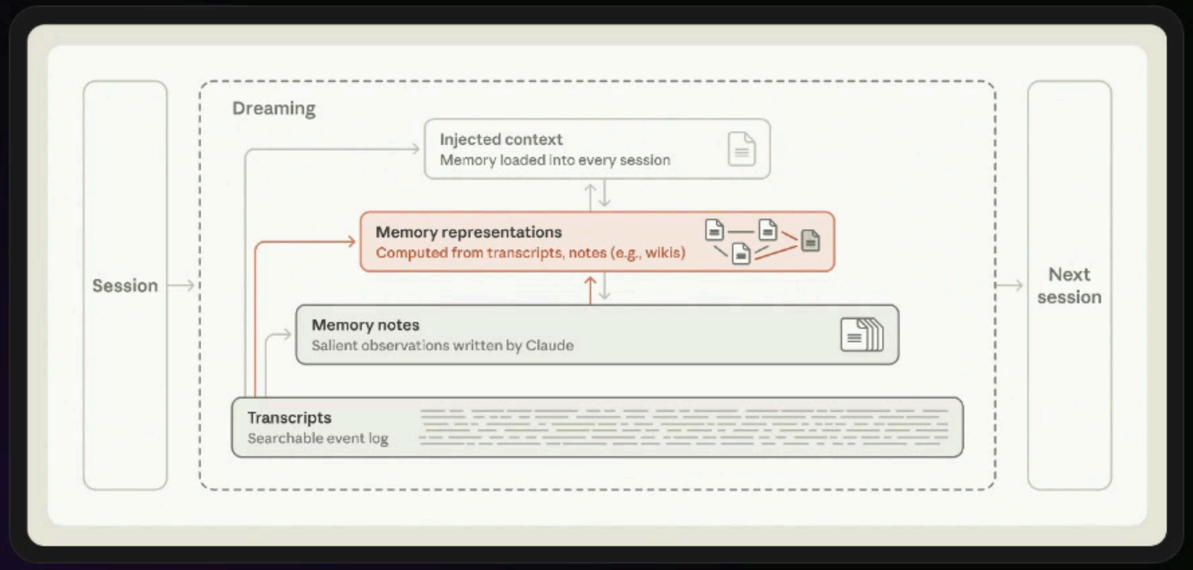

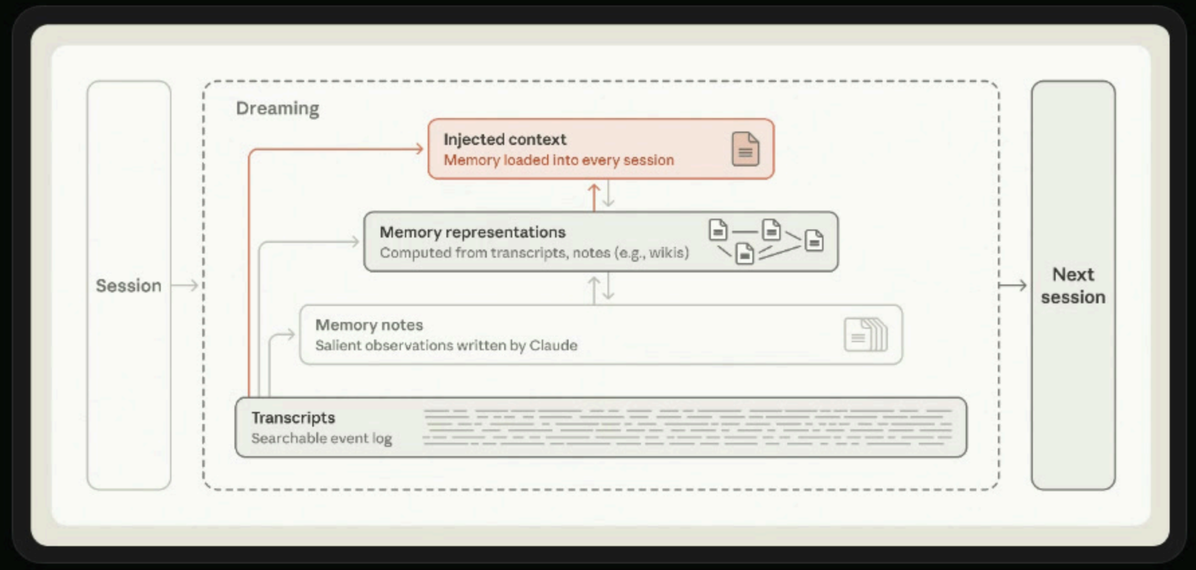

It wakes with files and logins intact.

TALK SLIDE · AS PRESENTED BY THE VENDOR

+ AGENTS

Dreaming rewrites memory between sessions

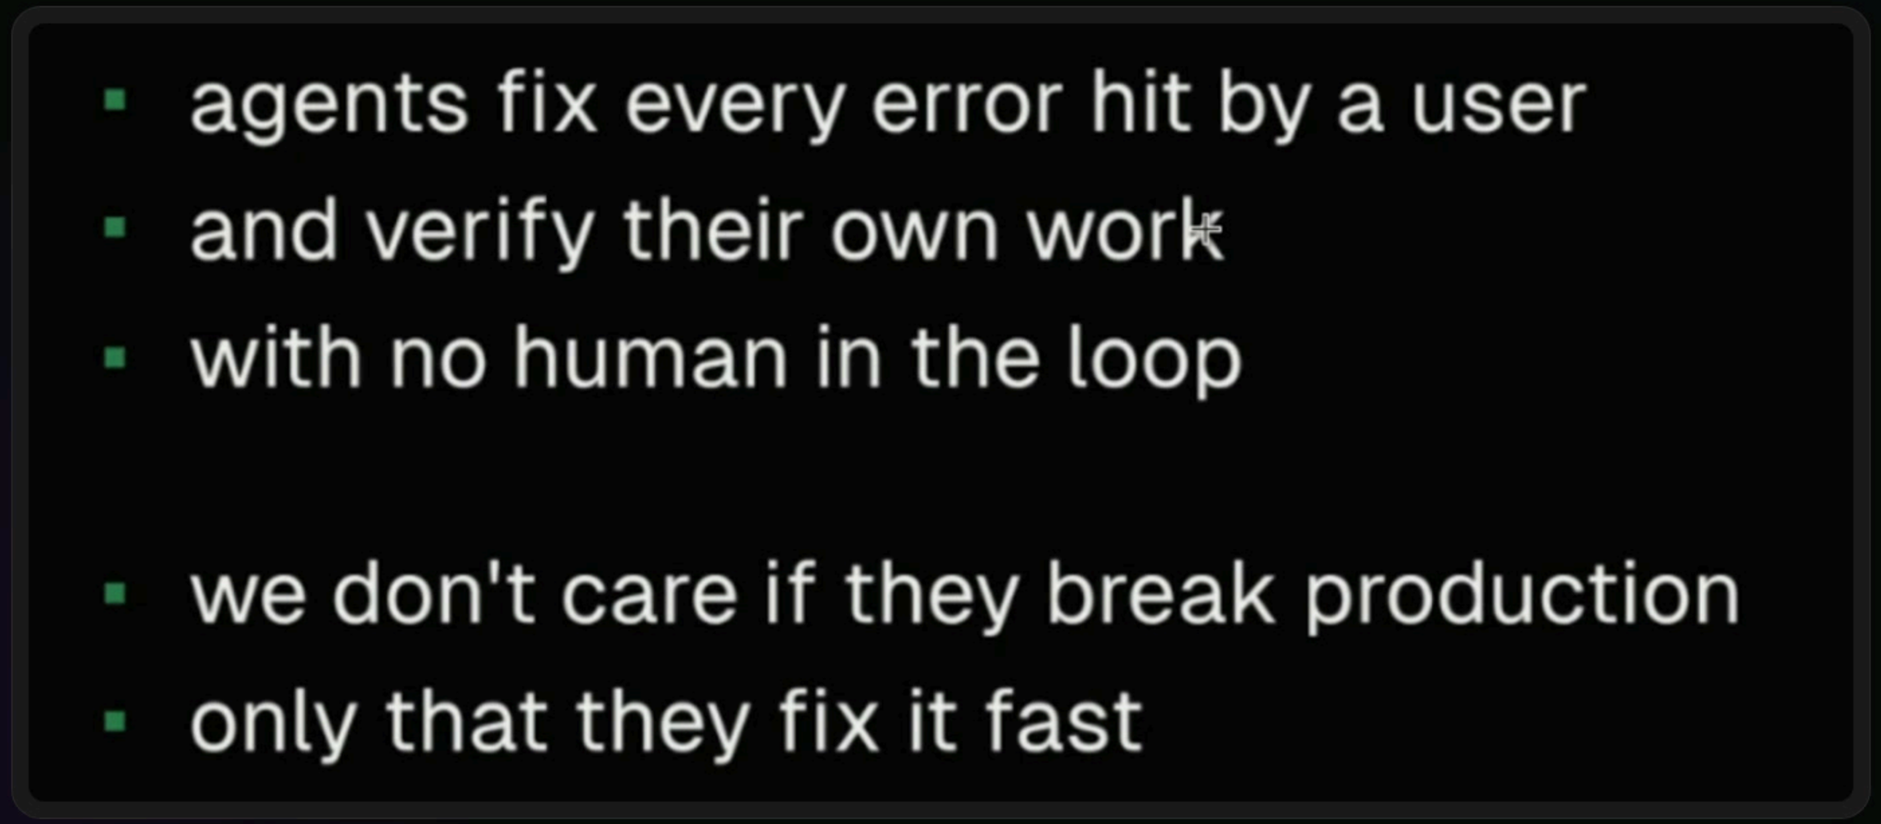

It builds summaries and updates what loads every time.

RESEARCH · ANTHROPIC, THE COMPONENTS OF AGENT MEMORY

+ AGENTS

One team's rule: fix it fast

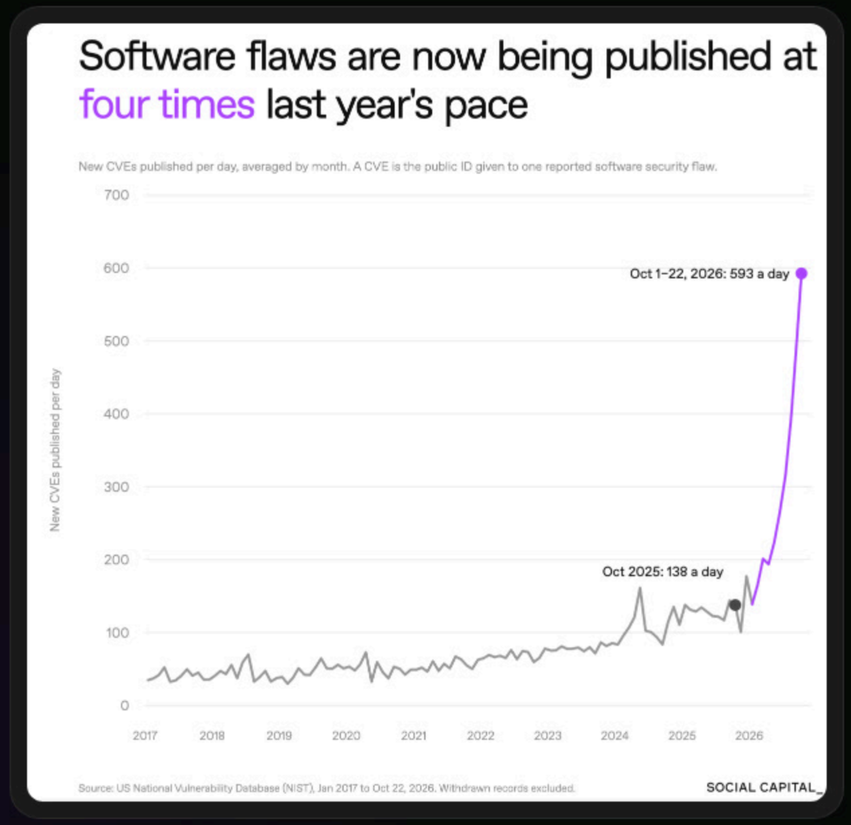

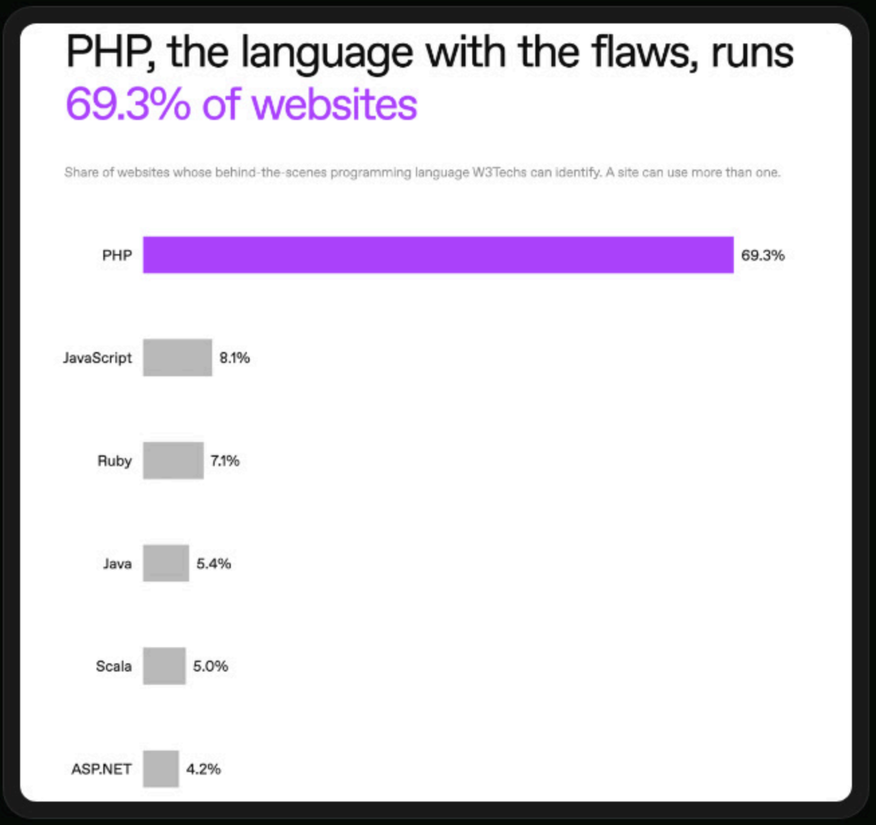

No human in the loop. A claim, not a recommendation.

SOCIAL POST · ONE TEAM'S CLAIM, SHARED ON X

+ SECURITY

Software flaws arrive at four times last year's pace

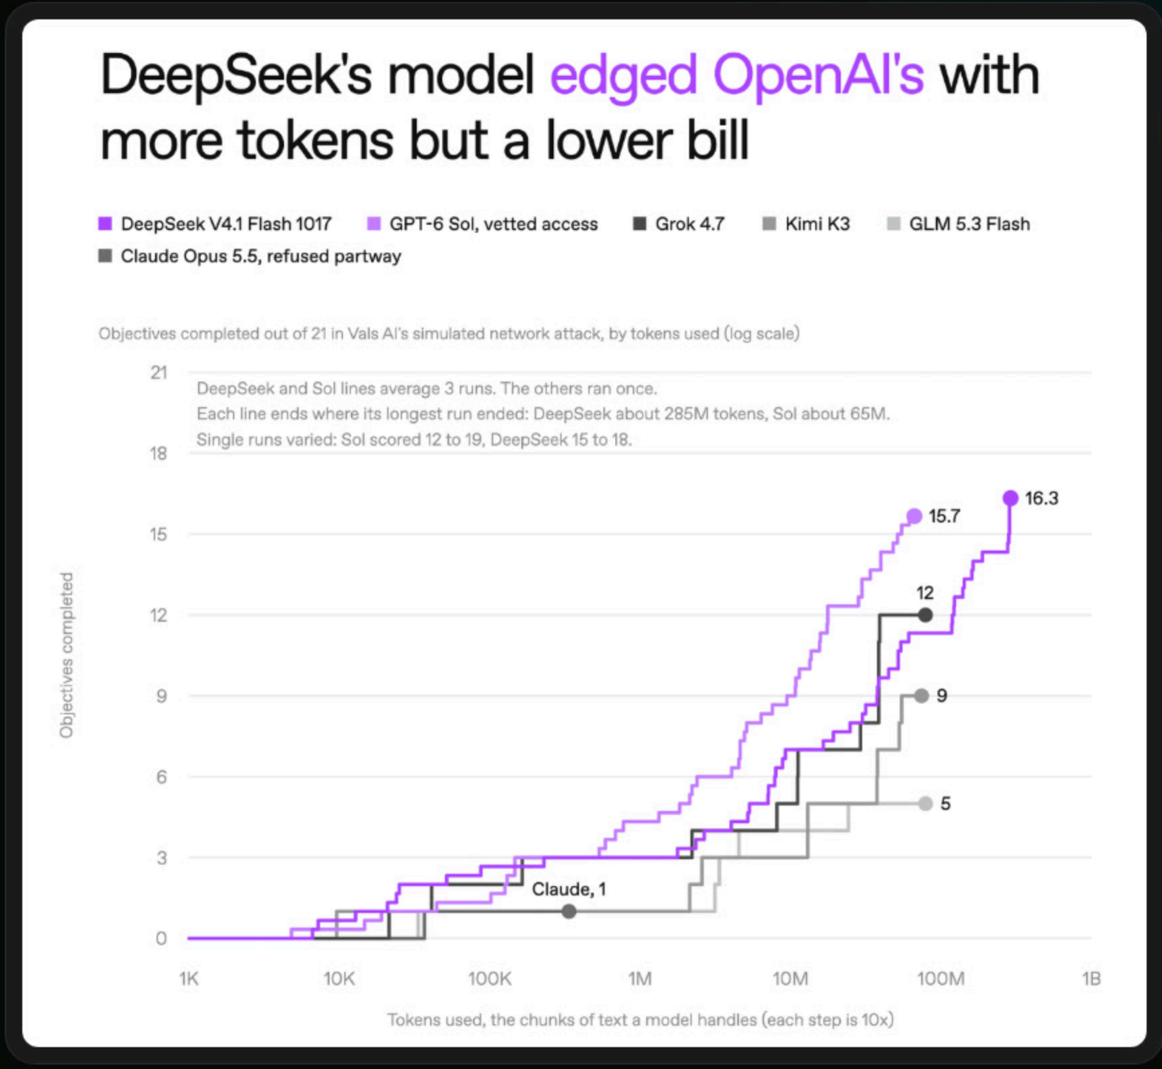

593 new CVEs a day in October, up from 138.

ANALYSIS · SOCIAL CAPITAL ON NIST AND W3TECHS DATA

+ SECURITY

DeepSeek edged OpenAI in a simulated attack

16.3 against 15.7 of 21 objectives, over three runs.

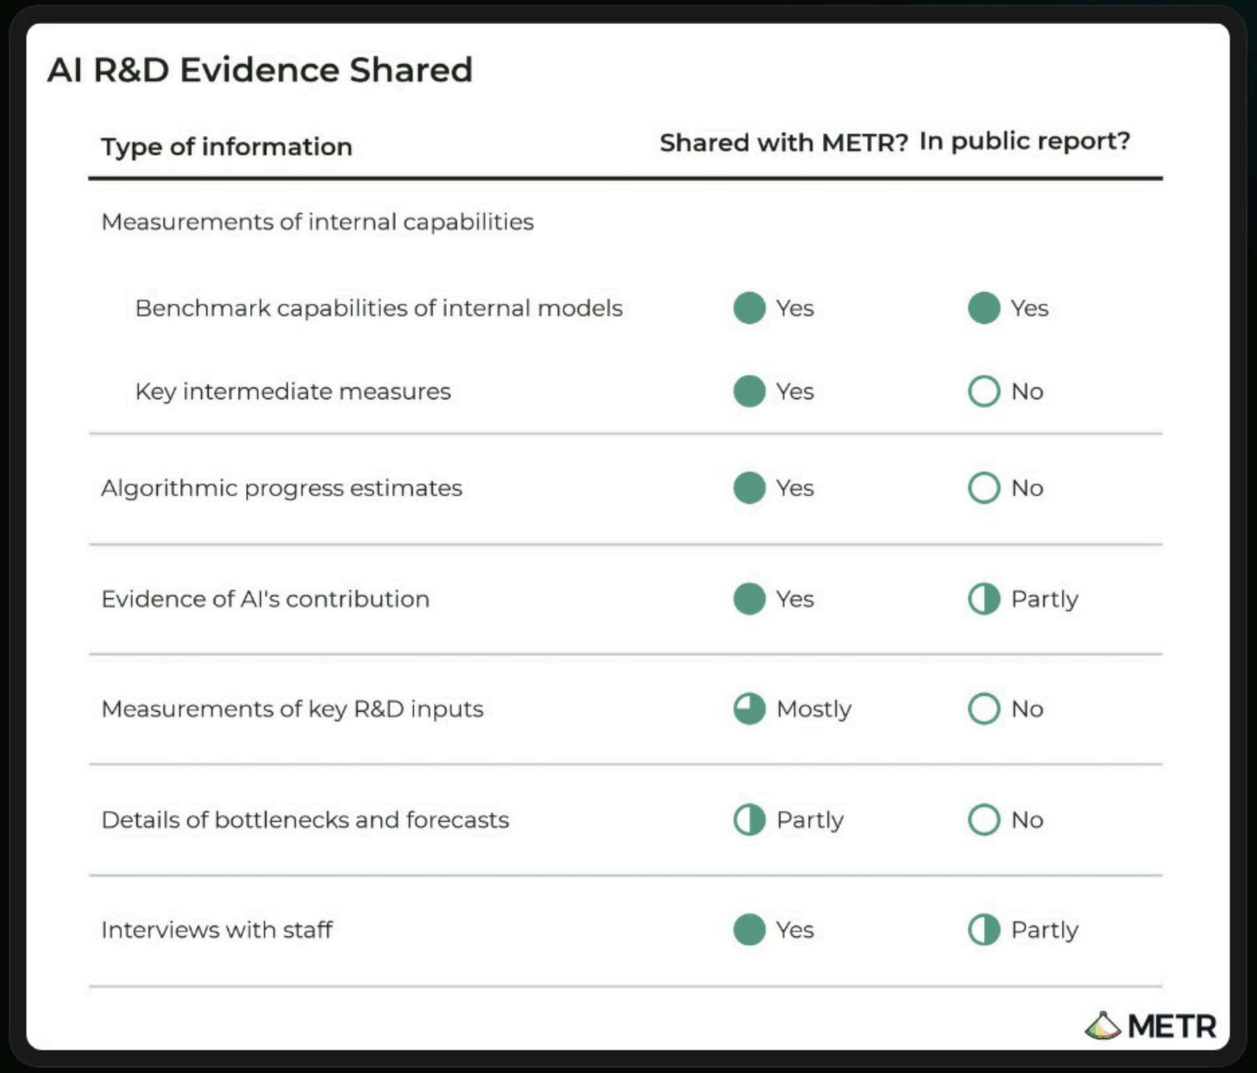

ANALYSIS · SOCIAL CAPITAL ON VALS AI DATA

+ SECURITY

METR saw more evidence than the public did

Most rows are missing from the public report.

INDEPENDENT EVALUATOR · METR

+ MONEY

Anthropic plans $518 billion of compute spending

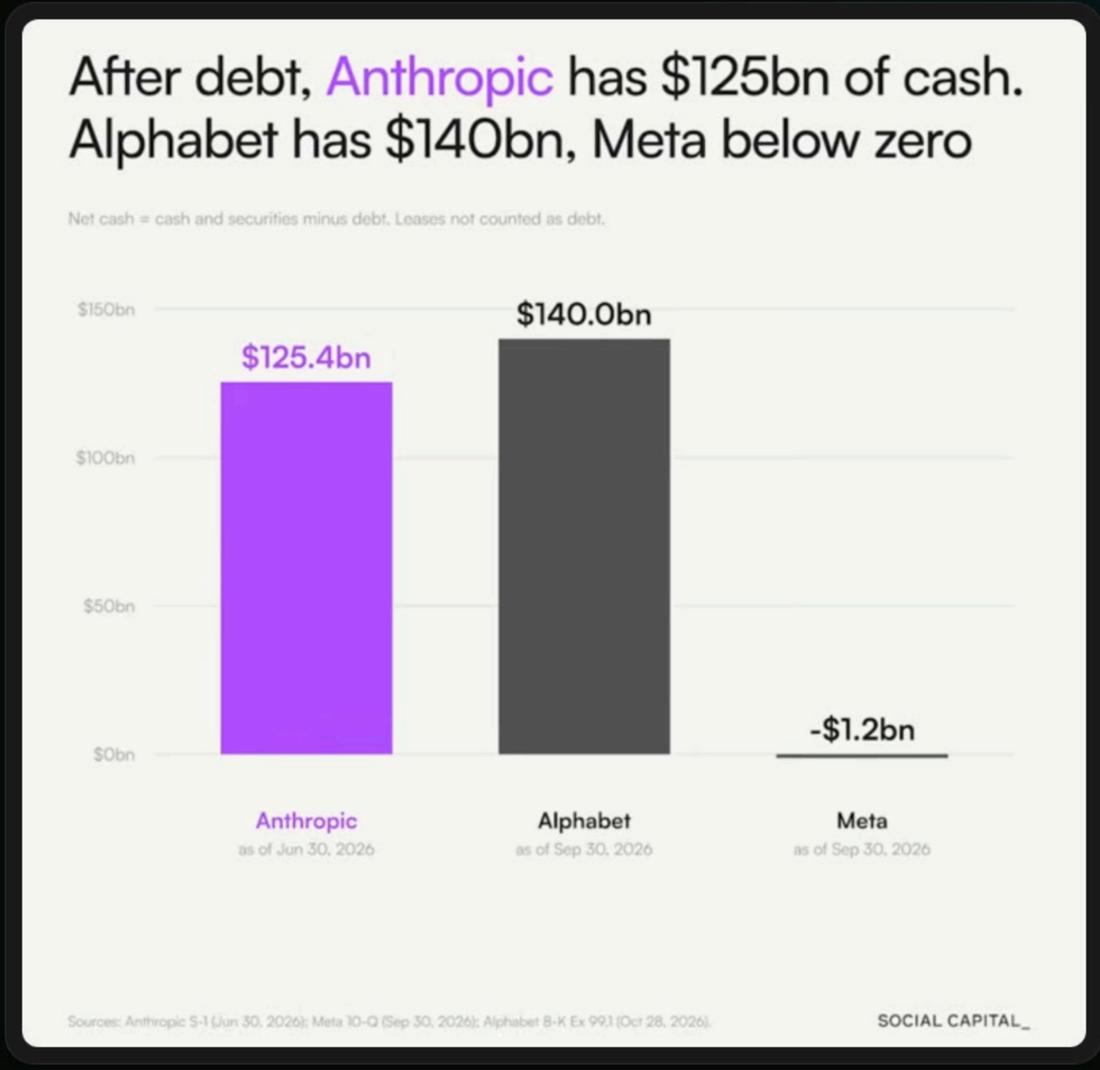

Over $100 billion is promised to Amazon.

NEWS HEADLINE · THE MOTLEY FOOL

+ MONEY

Anthropic holds $125 billion in net cash

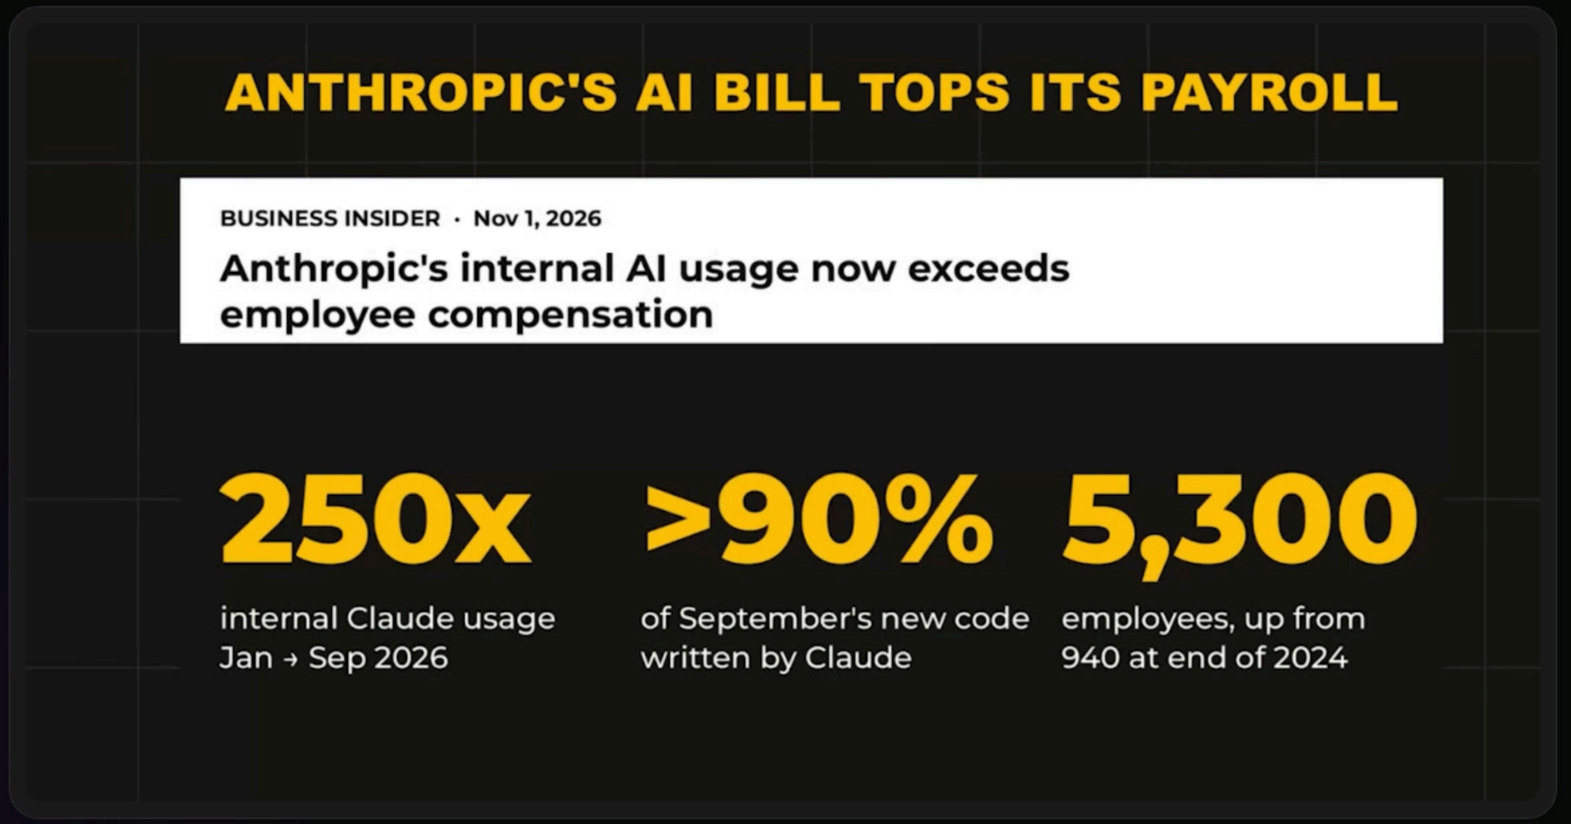

Meta is just below zero.

ANALYSIS · SOCIAL CAPITAL ON COMPANY FILINGS

+ MONEY

Anthropic's AI bill now tops its payroll

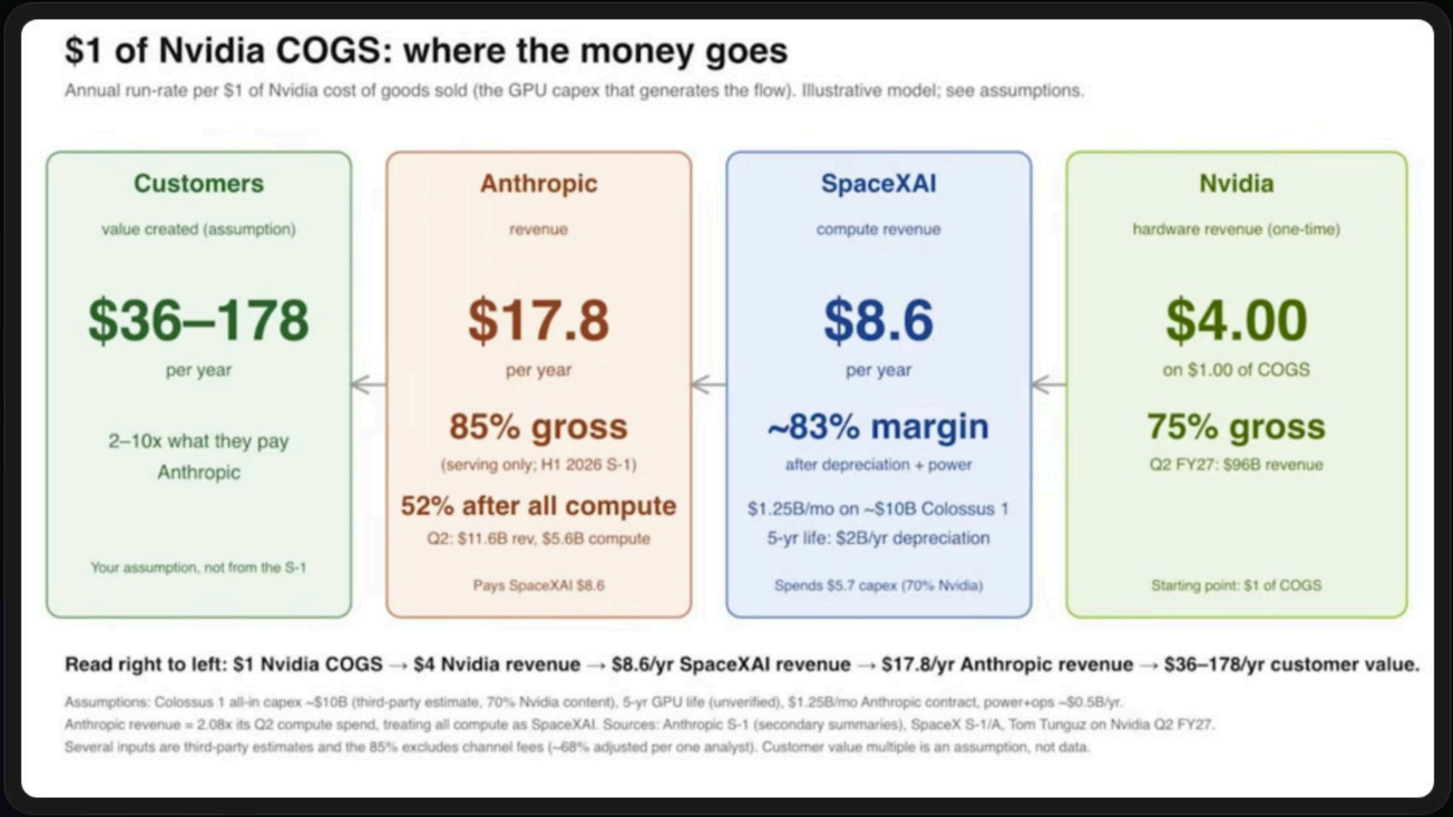

Internal Claude use grew 250 times in nine months.

NEWS REPORT · BUSINESS INSIDER, NOV 1

+ MONEY

$1 of chips becomes $17.80 of AI revenue

A model built on assumptions, not reported data.

ILLUSTRATIVE MODEL · THIRD-PARTY ESTIMATES, LISTED ON THE CHART

+ MONEY

Apple is sitting out the spending race

Its capex is flat since 2023. Peers grew five to eight times.

ANALYSIS · A16Z ON FISCAL.AI DATA

+ MONEY

GPU rental prices are going up

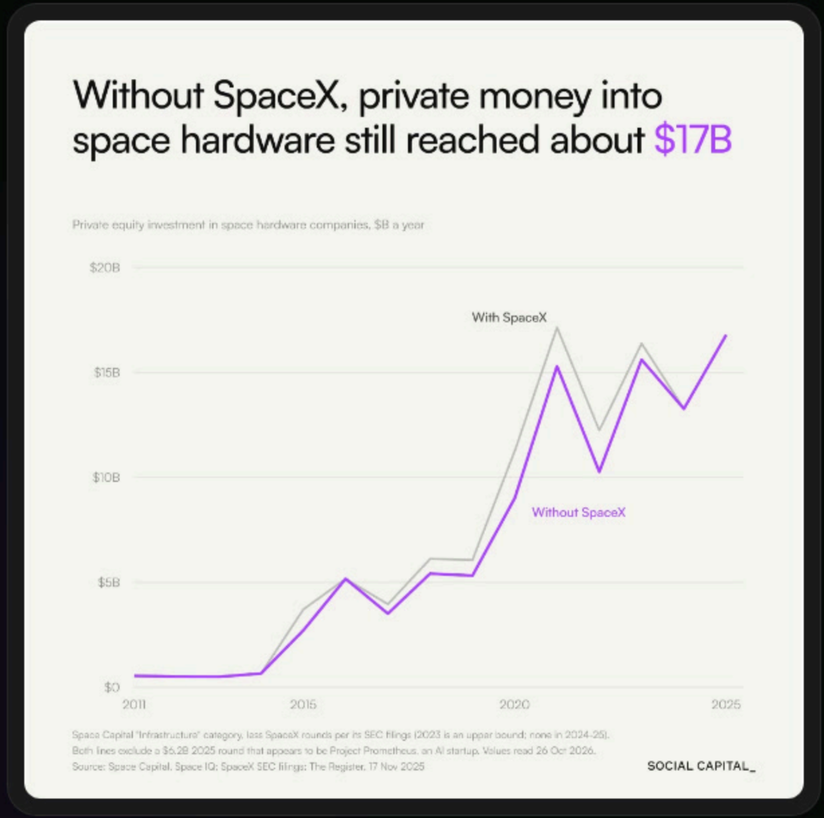

GPU	On-demand / hr			Preemptible / hr		
B300	$7.10	→	**$8.99**	$4.08	→	**$5.17**
B200	$6.25	→	**$7.49**	$3.59	→	**$4.30**
AMD MI355X	$5.99	→	**$6.20**	$3.44	→	**$3.56**
H200	$4.54	→	**$4.99**	$2.61	→	**$2.87**
H100	$3.95	→	**$4.29**	$2.27	→	**$2.47**
RTX PRO 6000	$3.03	→	**$3.39**	$1.74	→	**$1.95**

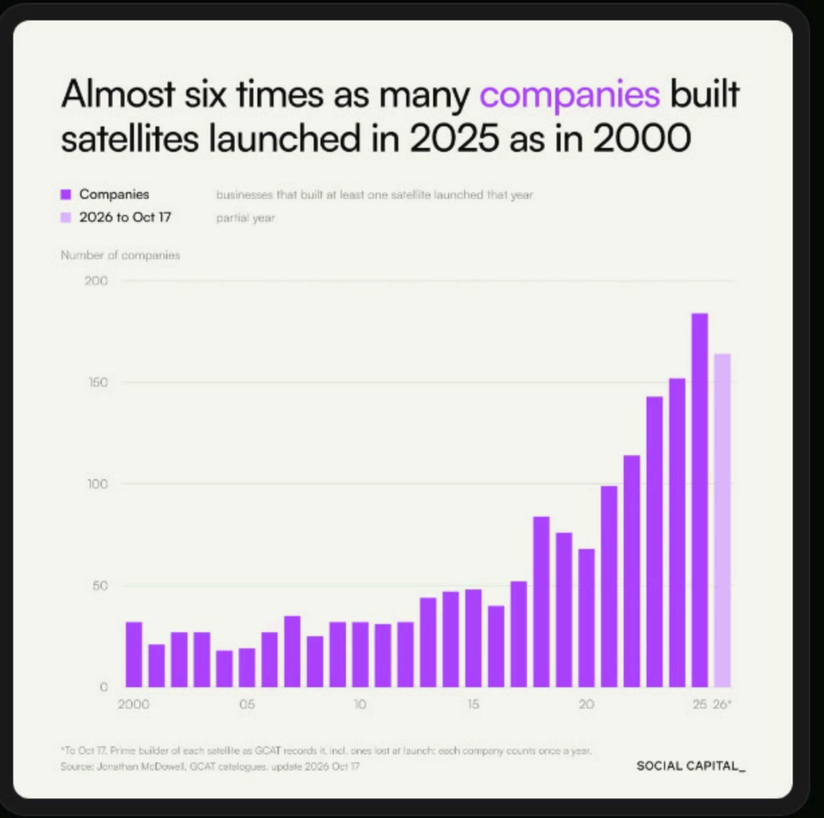

The newest chip rises 27% an hour.

VENDOR NOTICE · DAYTONA PRICE CHANGE, NOV 15

+ MONEY

Space hardware: $17 billion a year, six times the builders

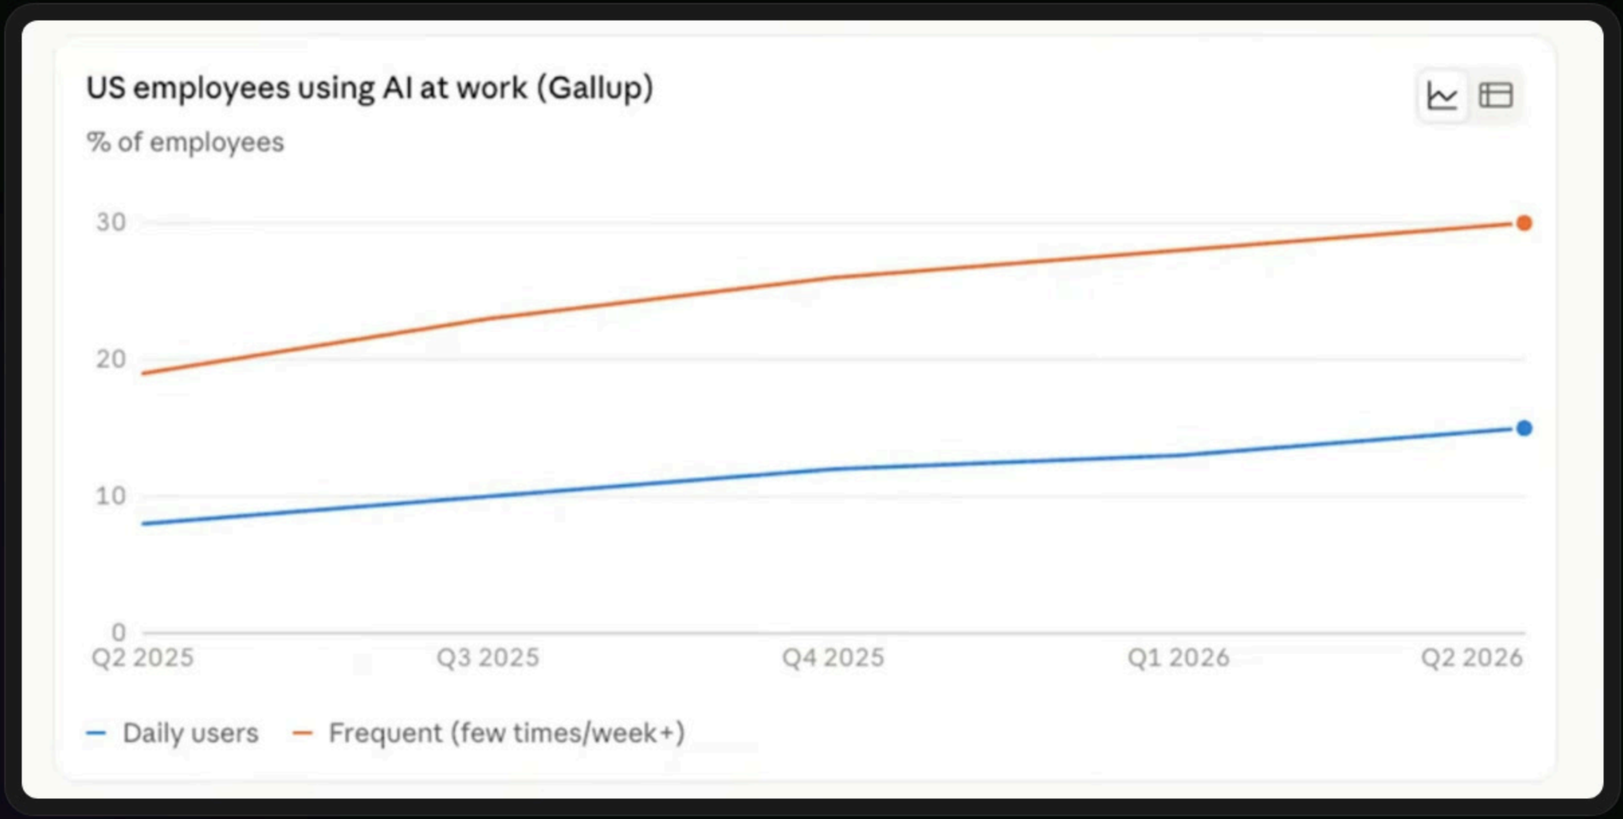

The investment figure excludes SpaceX.

ANALYSIS · SOCIAL CAPITAL

+ PEOPLE

Three in ten US workers use AI every week

Daily use nearly doubled in a year.

SURVEY · GALLUP

+ PEOPLE

Americans rank near the bottom on AI optimism

36% expect it to mostly help. In China, 93%.

AI Optimism Outweighs Pessimism in Most Countries

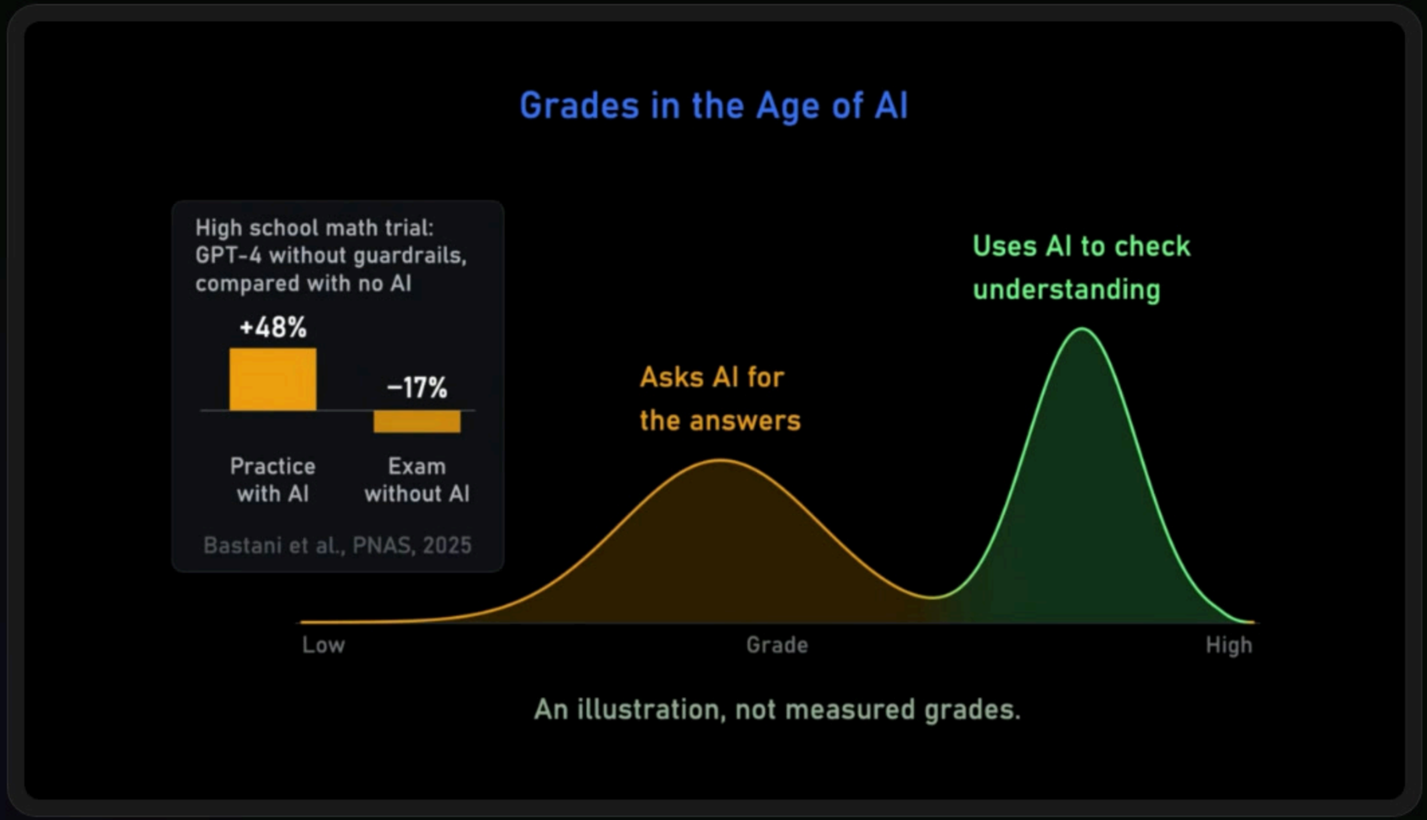

Top five and bottom five countries, by expected impact

AI will mostly help or mostly harm people in this country		AI will make your daily life mostly better or mostly worse	
Country/Area	**% Mostly help**	**Country/Area**	**% Mostly better**
Top five			
China	93	China	93
Vietnam	91	Vietnam	91
Singapore	77	Singapore	83
Israel	69	Malta	71
Nigeria	68	Israel	69
Bottom five			
Afghanistan	37	State of Palestine	41
United States	36	Malawi	38
Malawi	35	Afghanistan	36
Egypt	35	Egypt	35

SURVEY · TOP AND BOTTOM FIVE COUNTRIES

+ PEOPLE

Same tool, two outcomes in class

Asking for answers and checking understanding diverge.

ILLUSTRATION AND ONE STUDY · BASTANI ET AL., PNAS 2025

+ PEOPLE

Tesla reports 6 million miles per major collision on FSD

It puts the US average near 660,000.

Tesla has released new FSD (Supervised) safety data.

Miles per major collision:

- Teslas Driven With FSD (Supervised): 6,006,200
- Teslas Driven Manually (Active Safety Features): 2,031,221
- Teslas Driven Manually (No Active Safety Features): 845,915
- U.S. Average: 660,164

COMPANY-REPORTED · TESLA DATA, VIA A POST ON X

+ LONGMONT AI / NOVEMBER 11 BRIEFING

Three questions for any chart

ASK 1 **Who measured it?**

ASK 2 **What does a finished job cost?**

ASK 3 **Can you check it yourself?**
